If there's one thing we've all learned over this past year, it's how important it is to show the ones we love just how important they are. Flowers and brunch are wonderful ways to celebrate mom on Mother's Day, but a thoughtfully considered present is another way to secure your position as family favorite. Here, *Galerie* rounded up a selection of delightful gifts that cater to those who love food, fashion, or entertaining.

The Ranch, Malibu's famed wellness retreat, offers a selection of culinary treats sure to get mom on the path to good health. This [new gift](#) set combines the resort's cookbook *Food Food Food* with beloved pantry items like olive oil, wild honey, and Ranch Caviar (black sea salt).
