

# THE RANCH

## HUDSON VALLEY™

ENDURANCE • NUTRITION • WELLNESS

### INTRODUCING THE RANCH HUDSON VALLEY!

Opening in April 2024, experience The Ranch's award-winning, highly structured and results-oriented wellness program and retreat at its first East Coast property. Set on a historic, private lakefront estate that spans across 200 forested acres in the lower Hudson Valley, less than an hour from New York City, The Ranch Hudson Valley immerses 25 guests in either a 3-night, 4-day (Monday - Thursday) or 4-night, 5-day (Thursday - Monday) group program. Each day features The Ranch's signature schedule of mountain hikes, strength training classes, restorative yoga, deep tissue massage and organic, plant-based meals.

The program is tailored to your ability and personal needs. It delivers noticeable changes to both mental and physical health while fostering human connection and creating meaningful and positive change in one's life.

Through the guidance of a talented and caring staff who educates and nurtures guests each week, The Ranch Hudson Valley's program options are designed to jumpstart a journey that can lead to an improvement in mental and physical health including fat loss, muscle gain, full body detoxification, mental clarity and an increased sense of self-confidence and empowerment.

In each program, the morning begins with stretch and breakfast before embarking on your choice of a two- or four-hour group hike. As in Malibu, hikes are done for time rather than distance and guests are treated to hundreds of miles of breathtaking trails steps from the property in the 4,000-acre Ringwood State Park or a short drive to the 40,000-acre Harriman State Park. You'll explore dense forests, hike alongside streams, lakes and waterfalls and scale challenging peaks with trails featuring panoramic views of the Hudson River and the surrounding mountains and valleys.

## **RESET THE HUMAN OPERATING SYSTEM**

Each season also offers a unique opportunity to connect with nature's vibrant display, making every hike a visual delight. Brilliant greens and blossoming flowers fill the trails in Spring and Summer while Autumn's stunning foliage provides spectacular views and has made this region a must-see destination each year. In the Winter, the trails and trees create a serene and scenic respite for a one-of-a-kind hiking experience.

Following lunch, guests enjoy naptime before the afternoon programming which includes strength training, restorative yoga, and daily massage. Fitness, yoga and meditation classes are held in The Ranch Gym, a 2,000 square foot space that was once the estate's formal ballroom and features original architectural elements including detailed wood paneling, a grand fireplace and an intricate sculptured plaster ceiling. In the Spring and Summer months, guests can enjoy water activities including kayaking, stand-up paddle boarding and wild swimming in the property's lake. In the Winter, with fresh snowfall, there is an incredible sledding hill on-site and we will also offer spin and additional water classes in our indoor heated pool during times of inclement weather.

To further enhance recovery, results and mental clarity, guests can experience more unique health services and treatments including colon hydrotherapy, IV therapy, BodPod body composition analysis, chiropractic treatments, infrared sauna, energy healing, a sound bath and contrast hydrotherapy through a hot and cold plunge pool.

The active routine is complemented by a nutritionally-dense, plant-based menu, created by our award-winning culinary team. Using an abundance of seasonal and organic ingredients, sourced from nearby local farms, dishes are artfully prepared, full of flavor and designed to cleanse and detoxify. To foster a greater sense of community, meals are enjoyed together in the estate's former sun room, which overlooks the rolling lawn, lake and surrounding mountains. Mealtimes are also used as an opportunity to educate and discuss with guests the necessary tools for sustainably maintaining healthy habits long after their Ranch stay.

**THROUGH MOVEMENT OF THE BODY WE FIND STILLNESS OF THE MIND**

## COMPLETE SERENITY STEEPED IN HISTORY

Ideally situated along the border of Tuxedo Park and Sloatsburg, The Ranch Hudson Valley offers a respite amidst 200 forested acres less than an hour from New York City, Westchester, Fairfield and Bergen counties. Known as the Table Rock Estate, this 40,000+ square foot manor was built in 1907 by JP Morgan for his daughter as a wedding gift when she married the great grandson of Alexander Hamilton.

Working with renowned interior designer Steven Gambrel, Founder and Principal of S.R. Gambrel and his accomplished team, great care was taken to preserve and highlight the property's extraordinary architectural features while maintaining a warm and inviting feeling. Interiors are timeless yet approachable with a neutral palette and natural textures that complement the detailed stonework, rich woods, expansive fireplaces and incredible carved plaster ceilings.

Throughout their stay guests can immerse themselves in the picturesque views of the on-site lake and gardens, both from the elegant dining room and the 5,000 square foot Solarium with an indoor heated pool, hot and cold plunge and an infrared sauna. In addition, the property includes a great room, game room, multiple sitting areas, treatment rooms, an outdoor heated pool and a spacious gym.

Staying in one of 25 beautifully appointed private rooms, guests have three options from which to choose along with double occupancy rooms with two queen beds or one king bed. Accommodations feature unique layouts and interiors while maintaining a warm and inviting atmosphere through a subtle color palette. Each has the feel of staying in a luxurious guest room, blending custom upholstered and antique furnishings and featuring lake, landscaped courtyard, mountain and trail views.

## ACCOMMODATION OPTIONS - DELUXE ROOMS

Our Deluxe Rooms offer guests a charming space for their time with us, featuring courtyard or trail views, king or queen beds and some with both a shower and separate bathtub. For those desiring separate beds, accommodations feature two queen beds and beautiful views of the lake and surrounding grounds.
