### **Wellness Palace**

**The Ranch Malibu** is renowned amongst true wellness aficionados and in spring 2024, **The Ranch Hudson Valley** will be making its grand debut on the other side of the U.S. some 45 minutes outside New York City. Wellness enthusiasts will arrive at a 40,000-sq.-ft. lakefront property set amidst 200 forested acres and awaiting them will be 25 guestrooms, a 5,000-sq.-ft. solarium with exercise and pool facilities, a spa, a gym and an outdoor pool, among other amenities. They will offer many of the same retreats that The Ranch Malibu offers, but as innovators in the field of wellness there will be programs unique to the location.
